

Hampstead Norreys Community Shop

Please note that we are trying our best to get essentials from our wholesalers, but, in common with most shops, we are currently experiencing shortages. Hopefully this will soon ease.

All customers

- If possible, please pre-order meat/fish/vegetables and bread for the following day letting us know your requirements no later than 4pm. Note that boxes of fresh fruit/veg can now be ordered – choose which box you would like (see below) for collection/delivery the following day.

If you need a delivery because you are self-isolating:

- Please list your requirements and phone them through on 202642 no later than 10am on the day of delivery. Remember to leave your name, address and a telephone number so we can contact you.
- As above, pre-order meat/fish/vegetables and bread the day before if possible. You can of course request them on the day of delivery (but not the fruit/veg boxes), but we may be out of stock.

Your order will be packed. If any items are unavailable, someone will ring you to clarify whether there is a suitable alternative. Once the cost of your order is known you will be asked for a credit/debit card payment over the phone. Please be assured that this is a safe transaction with no record kept of your number.

Your delivery will be brought to your door by a volunteer. We cannot guarantee time of delivery other than to say it is likely to be between noon and 2pm. The volunteer will leave the delivery by your door and will ring or knock to alert you, but for safety please do not meet with them face-to-face. Please unpack, then give your hands a thorough wash.

To order: phone 01635 202642
